Skateworld, San Diego's ONLY remaining skating rink

Skateworld, the last remaining roller rink in the City of San Diego, is in danger of losing its lease. The San Diego Redevelopment Agency has an exclusive negotiation agreement with a private development company (MRW) for the property on which Skateworld is located. This company has indicated that they plan to redevelop the property and the future of Skateworld is uncertain. Let the City Council Know that you do not want to see Skateworld forced out of the community. Visit our website to learn how you can help save this rink!!

Be seen and be heard!

Thank you for supporting Skateworld!
